WOOD COUNTY ECONOMIC DEVELOPMENT

WHAT DO WE DO?

The Wood County Economic Development office is a non-profit organization dedicated to recruiting new businesses to the Wood County area as well as working with existing businesses to grow here and stay here. Whether you're looking for a new property, need to know about available loan or grant programs, or simply need help with things like social media or a business plan, our office is an information resource to you.

OUR TEAM

The WCED office is a team of two, Lindsey and Kate. Lindsey Piersol, Executive Director of Economic Development, joined the office in 2016 and has been vital in helping Wood County grow and thrive as we move forward into the future. Lindsey works closely with Kate Marlow who joined the office in 2019.

A WORD FROM EXECUTIVE DIRECTOR LINDSEY

First, let me start by welcoming you to Wood County, West Virginia! When I moved to West Virginia from Columbus, Ohio in 2016, I was unaware of some of the great local offerings and services that can be found so close to home.

On March 7, 2016, I took over as the Executive Director of the Wood County Economic Development office. Our office's mission is to foster a strong economic environment which supports business, nurtures growth and new investment while attracting sustainable businesses and a quality labor force to our communities. The organization will promote and facilitate economic diversity, development and entrepreneurship within our community.

Economic development focuses on many things—one being quality of life. Our office created this welcome packet as a way to help newcomers or those finding their way back home to feel comfortable in their new surroundings. We want you to find it easy and enjoyable to live, work and play in Wood County.

If there is ever a way that our office can help you, please do not hesitate to contact me directly by phone or email.

DOWNTOWN PKB

WHAT DO WE DO?

Downtown PKB is non-profit organization created to promote downtown Parkersburg, foster economic opportunity and create community vitality. The goal is to create a vibrant commercial district that will provide downtown businesses, workers and nearby residents with the goods and services they need, as well as create educational, entertainment and tourism opportunities.

A WORD FROM EXECUTIVE DIRECTOR MANDY

Over the course of the past five years, downtown Parkersburg has experienced a renaissance. I am proud of the growth that our organization has also experienced.

Our annual event season kicks off each year with the Taste of Parkersburg, our signature wine, beer and food tasting event. The Taste of Parkersburg draws crowds from all over the area to Bicentennial Park for an evening of fun and entertainment with friends and has won 2nd place in USA Today's local food festival competition.

Meet me on Market takes place the 3rd Friday of May-September along Market Street. In 2025 we kicked off the 1st Downtown Restaurant week. We also host Downtown Brewfest in August, Monster Mash and Winterfest.

If you want to learn more about Downtown PKB, our events, volunteer opportunities or how you can get involved, visit our website at downtownpkb.com or follow us on Facebook or Instagram.

WV VEHICLE INSPECTIONS

West Virginia requires a routine safety inspection every twenty-four (24) months. Vehicles may be inspected at any official inspection station licensed by the West Virginia State Police. When a vehicle passes the inspection, a sticker valid for twenty-four (24) months will be placed on the inside of the windshield. It is illegal to drive a vehicle without a valid inspection sticker.

HOW LONG DO YOU HAVE TO OBTAIN AN INSPECTION

New residents have 10 days from the date they title a vehicle to have a West Virginia inspection. This also includes the purchase of vehicles out of state. West Virginia has reciprocity with Louisiana, Mississippi, Missouri, New Hampshire, New York, Oklahoma, Texas, Utah, and Wyoming. Therefore, out of state inspection sticker from these states is valid in West Virginia until expiration.

Any vehicle purchased or otherwise acquired within West Virginia not having a valid inspection sticker must be inspected within three days.

WHAT YOU NEED TO OBTAIN AN INSPECTION

Have a valid registration card and a current certificate of insurance in the vehicle at the time of inspection.

WHERE TO GO

Visit <https://transportation.wv.gov/DMV/Vehicle-Services/Pages/Vehicle-Inspection.aspx> to view a list of official motor vehicle inspection stations

INSPECTION FAILURES

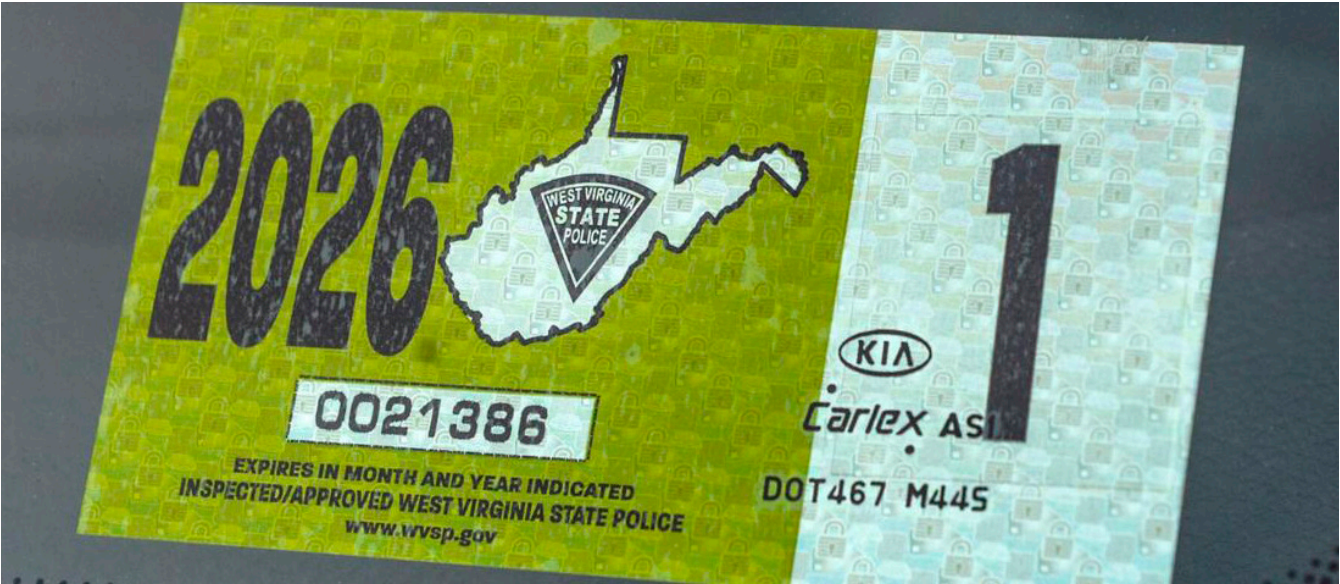

Any vehicle which fails to meet the requirements for approval will be issued a rejection sticker by the inspector mechanic. Such rejections will be recorded on the MVI-5 (log sheet) or MVI-5A. IMPORTANT—Only one (1) rejection sticker can be issued to a vehicle no matter how many stations inspect a vehicle. If a station has issued a rejection sticker to a vehicle, and the vehicle is taken to another station for inspection, the rejection sticker will be removed only if the vehicle passes inspection.

PERSONAL PROPERTY TAXES

About Personal Property Taxes

West Virginia personal property tax is an annual tax on tangible items like vehicles, boats, and business equipment. Assessed by county officials, taxes are paid to the sheriff, with payments due on September 1 and March 1. Failure to pay can lead to penalties and issues with vehicle registration renewal.

Taxable Property Includes cars, trucks, motorcycles, trailers, boats, aircraft, and business equipment (machinery, tools, inventory).

Assessment Process Taxes are not based on market value, but on 60% of the appraised value (often derived from NADA loan guides for vehicles).

Key Dates: Property is assessed based on ownership as of July 1st.

Payment Schedule Tax bills are paid annually in two installments, due on September 1 and March 1 of the following year.

Business Owners Must file a Personal Property Return by September 1st to avoid estimated assessments and penalties.

Exemptions Some personal property may be exempt, such as a portion of household goods or a vehicle up to certain, limited values.

Tax Relief Recent legislation (HB 2526) provides for potential, refundable tax credits for property taxes paid, particularly for vehicles.

Property taxes are crucial for funding local services like schools and public safety. For accurate, localized information, residents should contact their specific County Assessor's office.
